

HARVARD CHINA FACULTY GRANT PROGRAM FY20 CALL FOR CONFERENCE AND RESEARCH PROPOSALS

As a major internal funder of Harvard research related to China, the Harvard China Fund administers the *Harvard China Faculty Grant Program* to advance the research goals of Harvard faculty in collaboration with Chinese partners. Since 2007, the Harvard China Fund has awarded faculty grants totaling close to \$3.7 million to 57 recipients from across the University.

For the FY20 grant cycle, we are offering conference and research grants of approximately \$50,000 each. The proposed conference should take place at the Harvard Center Shanghai, preferably before December 2021. We welcome conference and research proposals in any field.

Preference will be given to proposed projects for which funding might not be otherwise available. Proposals are judged partially or fully on the following criteria:

- Academic excellence and benefit to or involvement of Harvard faculty
- Feasibility, innovation and interdisciplinary nature
- Organizational support (from Harvard and from Chinese universities and relevant institutions)
- Potential for impact in China

Application Details
